

Fondazione Sviluppo e Crescita CRT was founded in 2007 through an initiative of the Fondazione CRT.

- The "Impact Revolution" is a joint action of patient private investors alongside traditional grants.
- It plays a fundamental role in originating initiatives related to megatrends with potential impact on the regional ecosystem from the entrepreneurial sphere to the less privileged citizens.
- Transfer skills, develop new contents and networks, increase the sustainability of projects and promote innovation. Multiple projects launched in various areas from social innovation to green economy.
- Innovative financial instruments and rigorous measurement techniques to make sure the strategic plan priorities are measured and challenged.
